Aim:
Promoting the creation of strategic partnerships (KA2) related to equity and inclusion in School Education.

Profile of participants:
The contact seminar is targeted at education professionals (educators, teachers, head teachers, school counsellors, etc.) and representatives from school authorities. We welcome participants interested in designing and implementing methodologies to promote inclusive education or working with equity and inclusion dealing with any of the reasons described in the Erasmus+ *Programme Guide* 2016:

- **disability** (i.e. participants with special needs): people with mental (intellectual, cognitive, learning), physical, sensory or other disabilities;
- **educational difficulties**: young people with learning difficulties; early school-leavers; low qualified adults; young people with poor school performance;
- **economic obstacles**: people with a low standard of living, low income, dependence on social welfare system or homeless; young people in long-term unemployment or poverty; people in debt or with financial problems;
- **cultural differences**: immigrants or refugees or descendants from immigrant or refugee families; people belonging to a national or ethnic minority; people with linguistic adaptation and cultural inclusion difficulties;
- **health problems**: people with chronic health problems, severe illnesses or psychiatric conditions;
- **social obstacles**: people facing discrimination because of gender, age, ethnicity, religion, sexual orientation, disability, etc.; people with limited social skills or anti-social or risky behaviours; people in a precarious situation; (ex-)offenders, (ex-)drug or alcohol abusers; young and/or single parents; orphans;
- **geographical obstacles**: people from remote or rural areas; people living in small islands or in peripheral regions; people from urban problem zones; people from less serviced areas (limited public transport, poor facilities).

The participants should be interested in exchanging and developing good practices, methods, materials, tools, pedagogical approaches and/or ways of working in European cooperation and committed to plan Erasmus+ Strategic Partnerships (KA2) on the theme of the seminar.

Preference will be given to participants who are not currently involved in an Erasmus+ project.
